# Ridefree

Register yourself today at:

Prepare for your Compulsory Basic Training (CBT) and riding on the road with Ridefree.

## How can Ridefree help you?

- Increase your knowledge of riding skills and behaviour
- Give you more time to focus on learning the practical skills
- Linking the eLearning to the practical skills.

## What's covered?

- The Highway Code and hazard perception
- Clothing, equipment and the importance of maintenance
- How a rider's behaviour can affect them and other road users

**“I feel it was very easy to navigate and I did learn from it. As an introduction to the roads, it highlighted some good points about the mentality of some road users and how to conduct yourself mentally and physically to be a confident and courteous road user”**
